

List of Completed Projects of RRCAT in last 5 years (Since April 2020)

S.No	Title of the Project	Sanctioned Cost (Rs in Cr)	Date of Financial Sanction	Completion Date	Completion Cost (Rs in Cr)
1	Technology development for low emittance storage ring and infrastructure enhancement for laser glass	52.00	31-Mar-2016	31-Mar-2022	51.52
2	Technology Development and Capacity Building for Gravitational Wave Detection	86.00	06-Jul-2017	31-Dec-2023	82.35
3	Development of liquid Nitrogen based Refrigerated Transportable Skid for farm products	3.70	18-Oct-2018	31-Mar-2022	2.85
4	Technology Demonstrator for High Energy Laser	72.00	03-Dec-2018	31-Dec-2023	71.47
5	Upgrades of Indus accelerators	67.50	09-Oct-2019	30-Jun-2024	66.94
6	Development of laser systems and related technologies for utilization in nuclear and non-nuclear application areas	82.30	15-May-2019	31-Mar-2024	82.18
7	Upgradation of R&D facilities and Materials research for technological applications.	79.50	05-Sep-2019	30-Sep-2024	78.02
8	Augmentation of Upgradation of Scientific and Technical infrastructure at RRCAT	76.46	14-Nov-2019	30-Nov-2024	76.20
9	Enhancement of infrastructure facilities for superconducting cavity development and testing	51.00	31-Oct-2019	30-Sep-2024	49.98
10	Utilization of e-beam facility for irradiation of medical products and establishing process for food products	24.22	20-Oct-2020	31-Mar-2025	23.58
