

List of Ongoing Projects as in November 2023

Sr No.	UID No.	Title of Project	Sanctioned Cost	Expected Completion
1	RRR 2021	Technology Development and Capacity building for Gravitational Wave Detection	Rs 86.00 Cr	December 2023
2	RRR 2023	Technology Demonstration for High Energy Laser	Rs 72.00 Cr	December 2023
3	RRR 2024	Development of Laser Systems and Related Technologies for utilisation in Nuclear and Non-nuclear application areas	Rs 82.30 Cr	March 2024
4	RRR 4001	Upgradation of Indus Accelerators	Rs 67.50 Cr	June 2024
5	RRR 4003	Upgradation of R&D Facilities and Material Research for Technological Applications	Rs 79.50 Cr	September 2024
6	RRR 4004	Augmentation and Upgradation of Scientific and Technical Infrastructure	Rs 76.46 Cr	November 2024
7	RRR 4005	Enhancement of Infrastructure facilities for Superconducting Cavity Development and Testing	Rs 51.00 Cr	September 2024
8	RRR 4006	Utilisation of e-beam facility for irradiation of medical products and establishing process for food products	Rs 24.22 Cr	March 2025
9	RRR 4007	Laser Glass Improvement Project	Rs 38.00 Cr	December 2026
10	RRR 4008	Design and Development of High Resolution Beamline in the Energy Range of 1.7 – 9 keV at Indus-2 Synchrotron for Scattering Absorption and Photoelectron Spectroscopy studies	Rs 30.85 Cr	February 2027
11	RRR 4009	IT and Computing Infrastructure	Rs 65.00 Cr	January 2027
12	RRR 4010	Advanced Optics for Laser and Synchrotron Radiation	Rs140.00 Cr	July 2028
