

Technical specification for
Phosphate free acid cleaner and detergent

Quantity 120 Units
1unit =947ml

Sr No.	Technical Specification	Value
1.	pH	2.5
2.	Specific gravity	1.10g/ml
3.	Density	9.15lbs/gal
4.	Organic carbon	17%(w/w)
5.	Surface tension 1% solution	32dyne/cm
6.	Phosphate content	0%
7.	Compatibility on materials	Glass, Metal, Plastic, Rubber, and other Hard materials
8.	Suitable to remove	Metal oxides, Scale, Salts, and Inorganic residues in Manual and Ultrasonic cleaning
9.	Color	Pale yellow
10.	Solubility in water	Completely soluble in all proportion
11.	Biodegradability	Biodegradable
12.	Foam tendency	High foaming
13.	Shelf life	02 Years
